End of stage 5 review (21/03/2020)

Task name	Task completion date	Finished? (Y/N)	Notes	Extension date (if applicable)
Meeting minutes (ongoing)	21/03/2020	Y	All of meeting minutes were in the correct format and adequately documented all of the project team's meetings.	N/A
Index page (html page with any CSS)	10/03/2020	Y	The index page needed revisions, but it is now completely suitable for submission.	13/03/2020
All UML Class diagrams completions and amendments	10/03/2020	Y	Although revisions were made, the class diagrams are adequate for submission.	13/03/2020
Log file	10/03/2020	Y	The log file is suitable for submission and adequately provides a system log (to meet the requirements)	N/A
Status report	13/03/2020	Y	The status report needed further information about what was left to complete and has now been updated to reflect this.	21/03/2020
All Java source code and Junit tests (for the Yuconz system)	17/03/2020	Y	The Java source code for the system has been fully implemented and is suitable for submission (though there is still room for improvement).	N/A
Documentation amendments	17/02/2020	Y	The documentation (from all stages) has been adequately formed and documented (with all the relevant links on the project index page). The Gantt chart is also now in the correct format.	21/03/2020

Testing document	21/03/2020	Y	The testing document could have been improved upon more, but it is now adequate.	N/A
User manual	21/03/2020	Y	The user manual is well written and it effectively describes how users can use the Yuconz system.	N/A
Video demonstration	21/03/2020	Y	The video demonstration is decent, as it can be submitted as is.	N/A
